Sensational Experiences

WOODLAND TINKERING

This program is all about design and creativity in the wild. Children this week will delight in making their own life-sized vehicles and create elaborate track systems throughout the woods. They will also have plenty of time for classic games & sensory experiences such as bubbles galore and more! This program will inspire hours of creative play!

July 22nd – July 25th

9:00 AM- 2:00 PM

Ages 6-12
